

## ***DPL system Parameter***

### ***Product Advantage Description***

1. More accurate wavelength, **500-900nm** interval, stronger directivity
  2. Basic configuration of 3 10000uf capacitor pools, high configuration of 6 10000uf capacitor pools ( **Total 60000uf** ), efficient and strong output
  1. Large handle design for hair removal **15\*45mm 6.8m2**, higher efficiency
  2. The treatment head is pixelated, and the pain is reduced by **20%**
  3. More accurate **small size** filter head, suitable for small part of precise treatment
  4. **3 models**, different power, multi-functional filter, meet various customer needs
- 
1. 更加精准的波长，500-900nm 区间，正对性更强
  2. 基本配置 3 个 10000uf 电容池，高配 6 个 10000uf 电容池，高效强劲输出
  3. 脱毛专用大手柄设计 15\*45mm 6.8m2 ,更高效率
  4. 治疗头像素化，疼痛感降低 20%
  5. 更加精准的小尺寸过滤头，适合小部分精准治疗
  6. 3 个型号，不同的功率，多功能过滤片，符合各种客户需要
